Association Delegate motivations

Results of a 2023 ASN survey of delegates 10-12 years after the conference.

15% response rate from a target database of 2,800

Conference Impacts

Delegates surveyed 10-12 years after the conference agreed that:

- Conferences can have an impact long after they are finished (83%)
- Conferences fast tracked their career (56%)
- Conferences have contributed to improved disease outcomes (66%)
